15th Sunday of Year B - 15th July 2018

It is significant that Jesus instructs the disciples to travel light. They need the basics to live and to do their job, but if their mission is to be effective, they must be free from the anxiety that comes from excess. Psychologist and social critic John F. Schumaker suggests that societies with the most material goods tend to be the most anxious. "Mutual respect, community-mindedness, an eagerness to share, reverence for nature, thankfulness, and love of life", it seems, are the major ingredients for a stress- or "demon"-free personal and community life. There would be no need to shake the dust from our feet for want of hospitality if that were the way we all chose to live. What's more, there would be enough for all on our planet, the human and other-than-human, to live in dignity and peace. *Veronica Lawson, RSM <http://www.mercyworld.org/>*
